

# Mathematical Notes

Volume 1, Number 1 (2000)

---

## Contents

### Contributed Papers

Dan BARBOSU: Some Generalized Bivariate Bernstein Operators	3–10
Aurél GALÁNTAI: Rank Reduction and Conjugation	11–33
András NYÍRI and László BARANYI: Numerical Evaluation of a Generalized Cauchy Principal Value	35–41
Andrei RONTO and Miklós RONTÓ: On the Investigation of Some Boundary Value Problems with Non-Linear Conditions	43–55
Nikolai ROZOV: Bufferness Phenomenon in Distributed Oscillatory Systems	57–62
Svatoslav STANĚK: Periodic Boundary Value Problem for Second Order Functional Differential Equations	63–81
